**For more information, contact:
021 235 7107 or info@aadi.ie**

We provide all equipment, food, veterinary care, and your local Puppy Supervisor will be on hand to guide you and the puppy through the journey.

By investing time into nurturing a future superhero, you are transforming a child's life.

Our volunteer foster families play an important role in the first 12 months of training and socialisation of each puppy that goes on to become an Autism Assistance Dog.

Are you available to care for a puppy and willing to bring them with you everywhere you go?

We need puppy fosterers in this area.

**COULD YOU BE A
PUPPY FOSTERER?**
